

Online Safety Units Overview

Stechford Primary School follows the 'Project Evolve' teaching scheme, which is supplemented with the 'Switched On Online Safety' Scheme.

Project Evolve

It is based on the 330 statements from the UK Council for Internet Safety (UKCIS) framework called, 'Education for a Connected World'. The content is child-focused and is based around facilitating discussion and reflection, rather than being prescriptive. The scheme covers 8 different strands of staying safe online.

The full scheme of work, including teaching and learning resources and lesson plans, is accessible by teachers via their school Project Evolve account.

Switched On Online Safety

This scheme also enables children to develop resilience and manage online risks safely by giving them information and choices. The scheme covers 6 different strands of staying safe online.

Developing online safety guidelines	Social and emotional wellbeing and developing resilience	Responsible internet use
Keeping information safe	Digital citizenship	Playing games and having fun

The full scheme of work, including the Teacher's Book with detailed lesson plans and related teaching and learning resources, is accessible by teachers via their school Rising Stars account.

The online safety units in our curriculum are split across multiple sessions to allow children to fully grasp concepts as well as review and embed knowledge. In addition, the school celebrates the annual Safer Internet Day and has e-safety afternoons during the year with a specific focus, e.g. online safety rules, cyber bullying, online gaming, mental wellbeing, etc. Furthermore, school staff are given a regular update via an E-Safety Newsletter. Moreover, parents are also sent e-safety advice throughout the school year.

Teachers must check through all planning carefully to understand how to deliver the lesson and what each lesson in the unit requires to ensure everything is ready prior to their lesson. Where suitable, teachers can source appropriate resources to support the teaching of these units, e.g. Interland. Evidence must be stored in the class Online Safety Evidence Folder.

		Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
